Oticon On IFTTT guide
Get a notification in the event of a fire alarm

What you will need:
iPhone 5 (or later) · IFTTT account
Opn hearing aid · ON app · ON account
Nest Protect · Nest app · Nest account

Initial Preparation

How to set up your iPhone:
- Go to app store on your iPhone
- Find the Oticon ON app in the apps section of the search results and click on the icon
- Find and press the Install button to download and install the app on your iPhone
- In the same way, find and install the 'Nest' app. Install your Nest Protect by using the app.
- Open the Oticon ON app. Follow the instructions in the ON account creation section in the app
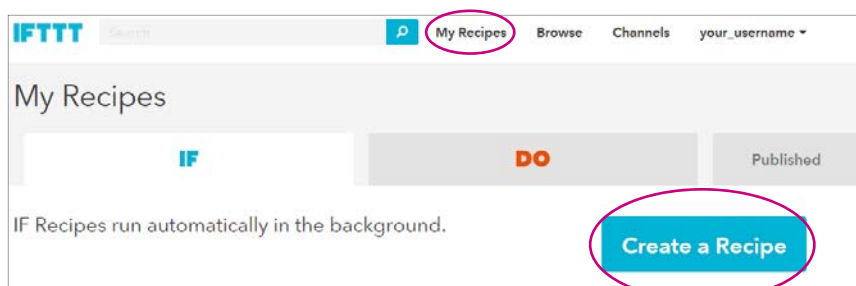

How to create an IFTTT account:
- Go to www.ifttt.com
- Press 'sign up' in the upper right corner
- Fill in your information and press 'Create account'
